

For more than 60 years, OM has been working to grow vibrant communities of Jesus followers among the least reached. Our 5000+ workers and partners in more than 110 countries share the Good News in places where people have little or no access to it. OM workers can be found living out the gospel in every context from booming, modern cities to quiet, rural villages.

We distribute Bibles and use broadcast media, community events, one-on-one conversations and other approaches to share the message of God's love with every person we meet. OM demonstrates the Good News in action by caring for communities by offering medical, agricultural, educational and refugee assistance, among other things.

The gift given in your honor makes you an important part in this global work.

A CHRISTMAS GIFT WAS GIVEN IN  
*Your Honor*

What was the best gift you ever received?

Was it something that gave you HOPE – something that made you feel LOVED, ACCEPTED – something that helped you achieve a more promising FUTURE?

The gift that was given to Operation Mobilization (OM) in your honor will do all this – and even more.

And because this gift was given in your name, YOU are part of the amazing miracle that happens when the hope of Jesus Christ is shared – in both word and deed – by men and women around the world.
